With an orientation towards mechanical problem solving from my father and an education in fine arts, I thrive in building bridges between creative ideas and the tools and constraints on a film set. I started my industry career as a Grip at a rental house (ZOO Grips, India) before progressing through Best Boy Grip, Gimbal Tech, Key Grip and now work as a Camera Operator. I have been operating in features, TV dramas, promos, and commercials since 2018. I have considerable experience with current digital formats and am skilled with both multi camera and single camera shoots. I have traveled globally with my work and am a polyglot that speaks English, Hindi, Malayalam, Tamil, Kannada, Bengali and intermediate Spanish. I am known for a calm and composed presence and excellent relationships with actors and crew.
